

When it comes to US Veteran and active duty military suicide epidemics, what do an ostrich, VA and America have in common?

*No greater national disgrace exists than when a man or woman is so distraught that s/he dies by suicide as protest, sending **THE** message that screams “**FAILURE**” to his or her country written in veteran blood. Over seven times the 69,000 US troops that were killed in Vietnam War have since died by suicide from not getting needed care from America. Currently, more Veterans die by suicide every year than the total number of combat deaths in Iraq and Afghanistan combined. Where is their remembrance? We do not need more token emotional moments or memorials; US Veterans and active Military people, we walk among the living you know – and need true HELP! America, land of hypocritical broken promises and phony heroes, reserve, your cold, non–living headstones for the Dead.*
